CRU03 will serve as the residential leasing office until December 31, 2026, with the earliest possession date being January 1, 2027. Meanwhile, CRU02 will be available for possession starting January 1, 2025. We are currently compiling a list of interested tenants, as our preference is to have a single occupant for both units. Additionally, CRU01 has been leased to a high-end sushi establishment.
